Sguardi di Terra

- Located in **Moniga del Garda**, with vineyards in Sirmione and on the morainic hills overlooking Lonato del Garda, Sguardi di Terra was founded in 2015 with a clear ambition: to bring the excellence of the **Lake Garda area** to wine lovers in Italy and beyond.
- Led by its founder, Massimo Pinetti, the estate farms around 12 hectares of **certified organic vineyards** in total, 8 in the **Lugana area** and 4 in **Valtènesi**. This deliberately small scale allows each wine to be made with care and precision.
- The flagship wine is the **Lugana DOC, made from Turbiana grapes** grown at around 200 metres above sea level on soils rich in clay and pebbles, and hand-harvested every September.
- The range also includes a **Riserva aged in tonneaux and barriques, a traditional-method Lugana Brut, as well as a Chiaretto and a Valtènesi Rosso made from Gropello**, one of Lake Garda's native treasures.

Thank you for your attention!
